

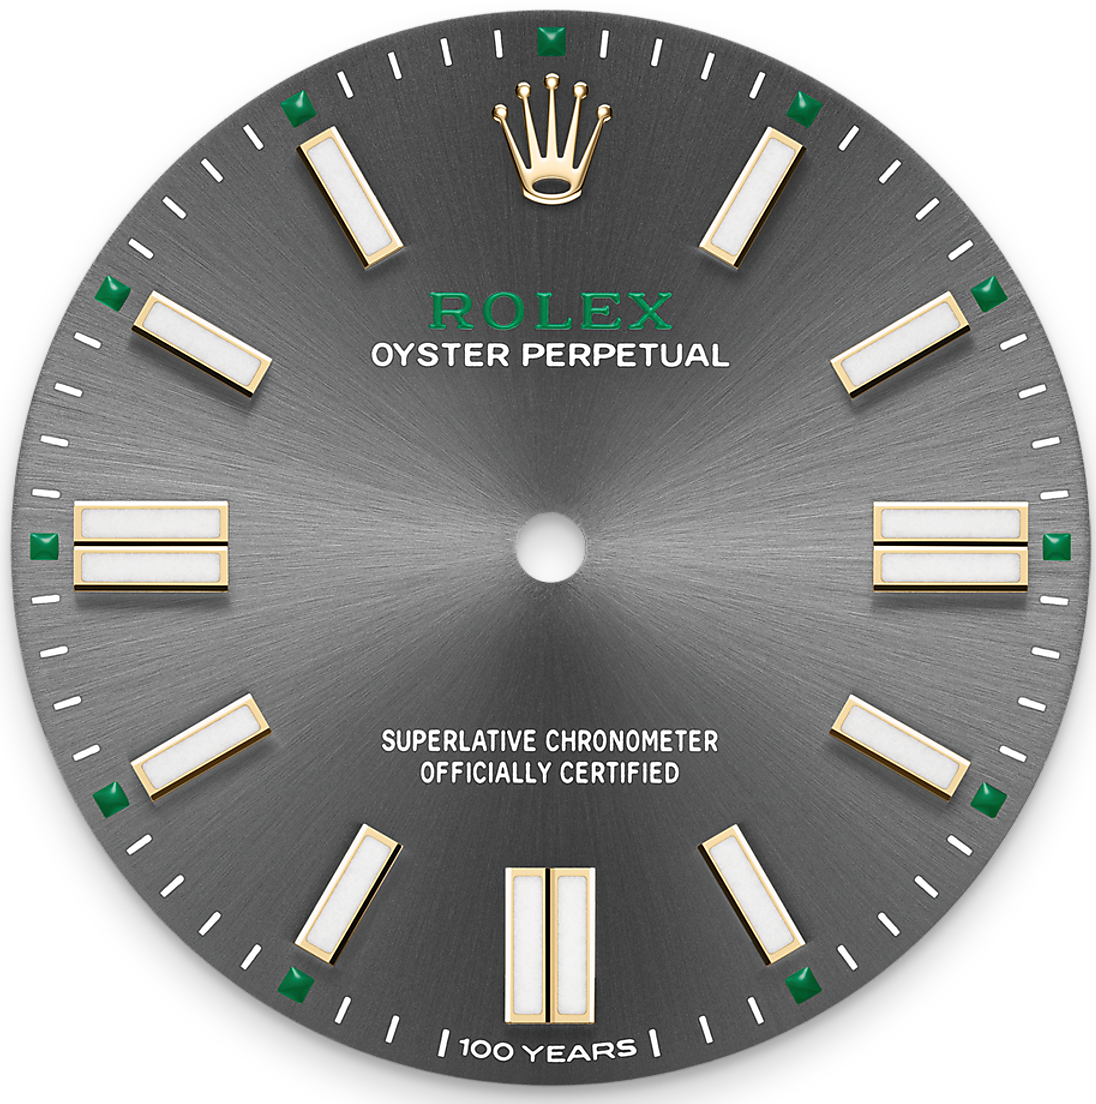
Oyster Perpetual 41

Oyster, 41 mm, Oystersteel and yellow gold

This Oyster Perpetual 41 in Oystersteel and yellow gold symbolizes the celebration of 100 years of the Oyster.



SLATE DIAL

Celebrating 100 years

On the slate dial – a new colour for the Oyster Perpetual range – the inscription ‘100 years’ appears at 6 o’clock in place of the usual ‘Swiss Made’ marking.

Moreover, each five-minute interval on the minute track is denoted by a green square, and the name ‘Rolex’ is pad printed in the same green, the brand’s emblematic colour.

YELLOW ROLESOR

A meeting of two metals

Gold is coveted for its lustre and nobility. Steel reinforces strength and reliability. Together, they harmoniously combine the best of their properties.

A true Rolex signature, Rolesor has featured on Rolex models since the early 1930s, and was trademarked as a name in 1933. It is one of the prominent pillars of the Oyster Perpetual collection.

THE OYSTER BRACELET

Alchemy of form and function

The Oyster bracelet is a perfect alchemy of form and function, aesthetics and technology.

First introduced in the late 1930s, this particularly robust and comfortable metal bracelet with its broad, flat three-piece links remains the most universal bracelet in the Oyster collection. For the Oyster Perpetual models the Oyster bracelet is fitted with an Oysterclasp.

3230 MOVEMENT

Superlative performance

The Oyster Perpetual 41 is equipped with calibre 3230, a movement entirely developed and manufactured by Rolex, launched by the brand in 2020.

At the forefront of watchmaking technology, this self-winding mechanical movement led to the filing of several patents, and offers fundamental gains in terms of precision, power reserve, resistance to shocks and magnetic fields, convenience and

reliability. Calibre 3230 incorporates the patented Chronergy escapement, which combines high energy efficiency with great dependability.

Model Case

Type
Oyster, 41 mm, Oystersteel and yellow gold

Diameter
41 mm

Material
Yellow Rolesor

Bezel
Domed

Oyster Architecture
Monobloc middle case, screw-down case back and winding crown

Winding Crown
Screw-down, Twinlock double waterproofness system

Crystal
Scratch-resistant sapphire

Water Resistance
Waterproof to 100 metres / 330 feet

Movement

Type
Perpetual, mechanical, self-winding

Calibre
3230, Manufacture Rolex

Precision
-2/+2 sec/day, after casing

Oscillator
Paramagnetic blue Parachrom hairspring. High-performance Paraflex shock absorbers

Winding
Bidirectional self-winding via Perpetual rotor

Power reserve

Approximately 70 hours

Functions

Centre hour, minute and seconds hands. Stop-seconds for precise time setting

Bracelet

Type

Oyster, three-piece solid links

Clasp

Folding Oysterclasp with Easylink 5 mm comfort extension link

Bracelet Material

Oystersteel

Dial

Type

Slate

Details

Highly legible Chromalight display with long-lasting blue luminescence

Certification

Type

Superlative Chronometer (official chronometer certification + Rolex certification after casing)
