

Oyster Perpetual 36

Oyster, 36 mm, Oystersteel

The Oyster Perpetual 36 in Oystersteel with a multicoloured, Jubilee-motif dial and an Oyster bracelet.

MULTICOLOURED DIAL

A graphical and colourful motif

In the subtlest yet most modern way, the dial of the Oyster Perpetual 36 revisits the Jubilee motif introduced at the end of the 1970s, which has since become iconic.

It displays the letters of the Rolex name in a contrasting interplay of no fewer than ten colours. Executing this pattern presents a significant challenge, as the colours are applied not all at once, but one after the other. The utmost

precision is also required to ensure that all the shapes and letters making up the motif are positioned perfectly.

OYSTERSTEEL

Highly resistant to corrosion

Rolex uses Oystersteel for its steel watch cases. Specially developed by the brand, Oystersteel belongs to the 904L steel family, alloys most commonly used in high-technology and in the aerospace and chemical industries, where maximum resistance to corrosion is essential.

Oystersteel is extremely resistant, offers an exceptional finish once polished and maintains its beauty even in the harshest environments.

THE OYSTER BRACELET

Alchemy of form and function

The Oyster bracelet is a perfect alchemy of form and function, aesthetics and technology.

First introduced in the late 1930s, this particularly robust and comfortable metal bracelet with its broad, flat three-piece links remains the most universal bracelet in the Oyster collection. For the Oyster Perpetual models the Oyster bracelet is fitted with an Oysterclasp.

3230 MOVEMENT

Superlative performance

The Oyster Perpetual 36 is equipped with calibre 3230, a movement entirely developed and manufactured by Rolex, launched by the brand in 2020.

At the forefront of watchmaking technology, this self-winding mechanical movement led to the filing of several patents, and offers fundamental gains in terms of precision, power reserve, resistance to shocks and magnetic fields, convenience and

reliability. Calibre 3230 incorporates the patented Chronergy escapement, which combines high energy efficiency with great dependability.

technical details

Reference 126000

Model Case

Type
Oyster, 36 mm, Oystersteel

Diameter
36 mm

Material
Oystersteel

Bezel
Domed

Oyster Architecture
Monobloc middle case, screw-down case back and winding crown

Winding Crown
Screw-down, Twinlock double waterproofness system

Crystal
Scratch-resistant sapphire

Water Resistance
Waterproof to 100 metres / 330 feet

Movement

Type
Perpetual, mechanical, self-winding

Calibre
3230, Manufacture Rolex

Precision
-2/+2 sec/day, after casing

Oscillator
Paramagnetic blue Parachrom hairspring. High-performance Paraflex shock absorbers

Winding
Bidirectional self-winding via Perpetual rotor

Power reserve

Approximately 70 hours

Functions

Centre hour, minute and seconds hands. Stop-seconds for precise time setting

Bracelet

Type

Oyster, three-piece solid links

Bracelet Material

Oystersteel

Clasp

Folding Oysterclasp with Easylink 5 mm comfort extension link

Dial

Type

Multicoloured, Jubilee motif

Details

Highly legible Chromalight display with long-lasting blue luminescence

Certification

Type

Superlative Chronometer (official chronometer certification + Rolex certification after casing)
